

## ÉDITO

Dear Friends,

I am particularly proud to be elected the 11th president of l'Entraide Française.

I am looking forward to work and share with you all the good deeds we can and will accomplish together.

Briefly, I am a board certified dermatologist born and raised in Paris, currently in private practice and clinical professor of Dermatology at Mount Sinai hospital.

My first thought is our gala at the French consulate on October 16th 2014. Not only do I hope you will save the date to be with us but also, if I may ask you to think today of how you can help with our auction.

We do need donations and everybody can help by asking donations from, your favorite restaurant, your company or the company you work for, your favorite store and your vacation hotel or your gym for example.

Each donor will be displayed on our website list and detailed in our annual report.

Another way you can help is by joining our fantastic team of "volontaires".

Do not hesitate to contact me to that effect.

Finally, I would like to wish Michele Altier, our departing president all the best in her new life and I hope she will join the gala as the honoree for the year 2014.

Wishing you a good summer,

Dr Sylvie Epelbaum

## Concert

On April 12th, friends of L'entraide gathered to a concert on Park Avenue. Noemi Gasparini, a rising violinist, Young Talent 2013, gave us a superb performance to help raise funds for the Entraide Francaise. She played works of Beethoven, Ravel et Respighi accompanied by a young and talented pianist

At the post-concert party, guests took a chance to mingle while they enjoy a «flute de champagne» Thank you Noemi for giving back to l'Entraide in such a wonderful way.
